I hope I shall possess firmness and virtue enough to maintain what I consider the most enviable of all

titles, the character of an

honest man.

George Washington

Your highness Prince Charles,

Your excellency President Mr Barack Obama,

State authorities should never exersize illegal violence against innocent civilians.

State authorities should never exersize illegal and extreme violence against innocent civilians.

State authorities should never exersize illegal, extreme and insane violence against innocent civilians.

According to my knowledge, there are sufficient indications that:

- During September of 1981 (or 1980) at Swanage in the south east of Dorset, England and during my staying there, I have been subjected to inhumane torturing.
- During the first half of the 80's, initially I started working at a simingly ordinary private company without having knowledge of the fact that, this company was a cover up of clandestine operations of your secret services, aiming to serve the economic interests of your countries. Very soon and after having noticed some sensitive information, I realized that there was something fundamentally wrong with that company and decided to leave. Then, the executives of that company, who, supposedly were involved with your secret services, along with others

organized a judicial scam which involved, one team of your secret services' operatives, an illegal secret judicial trial and a false and unjust judicial verdict against myself, while having been completely innocent, impeccable and unsuspected. The objective of this scam, allegedly, was to deprive me from the ability to offer credible report to the Greek security authorities about the clandestine operations which were taking place in Greece. After that, extremely violent reactions has been exercised against myself, on behalf of your alleged operatives in three occasions: during 2010 when I publiced one of my articles which indirectly described the unjust sufferings of my father; during the ending of 2013 and first months of 2014 when I was making arrangements for my active participation in the Greek political system; and during 2015 when I was systematically building my public profile as a candidate politician.

If, the above mentioned sufficient indications are true, then, an innocent and impeccable man has been, unjustly, tortured, slandered, suffered assassination attempts against him and deprived from his human rights and fundamental freedoms, intermitently, for 36 years. For the above reasons and in order for truth, honesty and justice to prevail along with having an innocent human being's life rescued, I kindly ask from both of you to start formal investigations about the above mentioned incidents and if you are kind enough to allow me, from now on and until the conclusion of the requested formal investigations, I wish to hold you responsible for my personal safety.

Cordial

ly,  
Christos Boumpoulis

Greek citizen
