Message to the German Media

By using my email accounts, at protonmail.com and yahoo.com and a contact-form I sent to, Sueddeutsche Zeitung, Frankfurter Allgemeine Zeitung, Der Spiegel, Die Welt, Handelsblatt, Die Tages Zeitung and Die Zeit, my article titled "The British Human "Guinea Pigs" Farm in Greece - Audacity" and the following message:

Dear Sir/Lady,

Please mobilize for the support of the Greek, political dissident and human rights activist, Christos Boumpoulis (www.agorapoliton.gr).

The German Nation knows what Stasi means; what zersetzen torture means; what gang-stalking means; therefore, it is able to manifest solidarity and compassion towards a legitimate, Greek political dissident who is confronted with the British colonialism.

The political circumstances in Greece have turned to be a mere British settler-colonising dictatorship; an apartheid has been established in Greece which divides, the colonising "Ritchie Boys" from the indigenous Greeks; Greece's economy has been, instrumentally, destroyed; thousands of innocent civilians die unjustly, due to economic despairation; Greece's almost half territorial space is being threatened to become, directly or indirectly, annexed; mixed marriages are being enforced and a Genocide of causing mental harm is being perpetrated.

The British colonisers are being applying gang-stalking, which is a death-program, against Christos Boumpoulis.

Please help to support Christos Boumpoulis. Lindau, DE.
