23 bizarre conspiracy theories Trump has elevated

The president of the United States this weekend promoted a conspiracy theory alleging that the family of his 2016 election opponent was involved in a high-profile death that had been ruled a suicide. He was doing this for the second time.

President Trump's retweeting of a Jeffrey Epstein conspiracy theory looks a whole lot like when he trafficked in a similar conspiracy about Clinton White House aide Vince Foster's suicide.

My opinions in this article are based, on scientific certain facts, on historical evidence and on sufficient indications.

Pedophilia can never exist because the human empathy could never allow pedophilia to exist. Children are little heroes which under circumstances of immense personal weakness they struggle to survive.

The pain of this struggle is being transmitted through human empathy to the children's social environment thus making each and every bystander adult one more guardian angel of these

children.

Nations which are lacking of the natural human empathy, due to ritual consumption of narcotics, exist.

Also, scientific research has concluded that, the transfusion of children's blood to elder people, due to lacking of free roots, has anti-ageing effects.

For obvious reasons, the children's organs/tissues for transplantation are far superior than those which have been harvested from adults.

The old wisdom claims that besides the material human body there is also the etheric (made from energy) one. Therefore, it could, probably, be inferred that, eating children's flesh, meaning cannibalising children, might strengthen the cannibal's etheric body.

The existing international relationships, since thousands years ago, demand the covering-up of the cannibalisation of children, in order for the cannibalising Nations to escape one more persecution.

The advent of pseudo-"pedophilia" serves this covering-up.

The "drugging and maddening with opiates [MKUltra, etc.] beforehand" was, and continues to be, the way for scape-goats to emerge.

With the advent of claustrum-manipulating electronic brain implants, the would be scape-goat while having become awake unconscious, is being statically photographed, without realizing it, with children sex-slaves and then it is being extorted to willingly participate in sick acts with children sex-slaves.

If his character is weak, thus unwilling to find itself in a position to, literary, having to prove that "he or she is not an elephant", it yields and by this way s/he becomes enslaved for the rest of his or hers life.

Currently, the contemporary settler-colonisers (U.K., U.S.A., Russia, Israel, Turkey) themselves along with the "Mocking-Bird" international mass media propagate around the world, supposedly, as the most important international issue the case of Epstein's alleged suicide.

All this operation is fraudulent and according to my opinion, it intends, to cover-up multiple ongoing genocides and crimes against humanity and to sensitize the international community towards the non-existent pseudo-issue of alleged "paidofelia".

According to undeniable and public evidence, the services of the settler-colonisers (CIA, etc.) are involved with producing, in an industrial scale, children sex-slaves, from top to bottom. Also, as these services intercept the total communications of our planet, it is absolutely impossible for the Epstein to, allegedly, had created a large paidofelia-ring and that criminal activity not having been noticed and approved by these services.

Therefore, the Epstein was a member of the settler-colonising States' Armed Forces and the alleged murder/suicide it can be nothing else than a pseudocide.

The genocides and crimes against humanity which, according to my opinion, the settler-colonisers attempt to cover-up are related to most of the European States and they are the followings:

- genocide of "psychiatry"
- genocide of "cancer", etc.
- genocide of causing mental harm (fluoride, Greece, etc)
- genocide of involuntary brain implanting
- genocide of political dissidents
- crime against humanity of apparthoid
- crime against humanity of involuntary human experimentation
- crime against humanity of human organs and tissues smuggling
- international crime of settler-colonialism

The reason for the settler-colonisers are trying to sensitize the public opinion towards the pseudo-issue of “paidofelia” is because crying 'pedophile' is the oldest propaganda trick in the book

The British MI5 has involuntary brain implanted with claustrum-manipulating electronic brain implants anyone, myself is included, which, for illegitimate reasons, they wished to enslave and totally control at their will.

These brain-implants turns the victims of this atrocity prone to, wirelessly, become involuntarily awake unconscious (their brain and memory stops). By this way, they may fabricate forged incriminating the victims legal evidence, including static photographs related to “pedophilia” or any other illegitimacy, and when it is convenient to them to publicize these static photographs in order to enforce upon their innocent victims unjust incarceration and ultimately to commit against them a “plausibly deniable” assassination.

All of the above, according to my opinion, are obvious facts.

The only thing which makes me wonder is, why the European citizens, (excluding the Germans) do not react at all with regard to the above mentioned and being committed against them, genocides, crimes against humanity and international crimes? Why the European citizens (excluding the Germans) do not protect the innocent and legitimate political dissidents, like myself and many others, from being, gang-stalked; tortured; exiled; robbed; murdered, etc., by the ruthless settler-colonisers?

Mind Control Experiments on Children

By Jon Rappoport

None of this prepared people for the explosive testimony made on March 15, 1995, in Washington, D.C., before the President's Committee on Radiation, however. In unpublicized sessions, New Orleans therapist Valerie Wolf introduced two of her patients who had uncovered memories of being part of extensive CIA brainwashing programs as young children (in one case, starting at age seven). Their brainwashing included torture, rape, electroshock, powerful drugs, hypnosis and death threats. According to their testimony, the CIA then induced amnesia to prevent their recalling these terrifying sessions.

Both Wolf and her patients stated that they recovered the memories of this CIA program without regression or hypnosis techniques. In other words, these patients spontaneously discovered this information about themselves and their pasts.

Although the committee was mainly concerned with radiation, they permitted Valerie and her patients to testify because, astonishingly, several doctors who had administered the mind-control experiments had also been identified by other Americans secretly exposed to radiation. Apparently there was a crossover.

Prominent names surfaced in the March 15 testimony: Richard Helms, former head of the CIA, Dr. Sidney Gottlieb, who ran MK-ULTRA and Dr. John Gittinger, Gottlieb's protege. These men and others were directly accused of participating in grisly mind-control efforts on children.

Predictably, this testimony received no media attention.

I now have it all, including many pages submitted to the committee that will likely never be released as part of their final report. Only a small percentage of the pages were read aloud at the hearing. Included are corroborating statements from other therapists around the country and several of their patients. I have now released all of this testimony as a book, U.S. Government Mind-Control Experiments On Children.

When the sickening shock starts to wear off, deeply disturbing questions flood one's mind: just what was this CIA program? How extensive was it? What was its purpose?

From what I have been able to discover so far, many American children, as well as children from Mexico and South America, were used over a period of about 40 years, starting around 1948. In fact, the program may still be going on. Doctors and agents who administered it wanted to obtain control over the minds of these children, ostensibly to create superagents who wouldn't remember even what missions they carried out, because of hypnotically induced amnesia (which could be removed by their controllers and reinstalled at will).¹

Children were trained as sex agents, for example, with the job of blackmailing prominent Americans - primarily politicians, businessmen and educators. A great deal of filming was done for this purpose. Eventually, people from the inner core of the CIA program filmed each other, and some of the centres where children were used as sex agents got out of control and turned into CIA-operated sex rings.

Levels of Monarch Programming

BETA is referred to as “sexual” programming (slaves). This programming eliminates all learned moral convictions and stimulates the primitive instinct, devoid of inhibitions. “Cat” alters may come out at this level. Known as Kitten programming, it is the most visible kind of programming as some female celebrities, models, actresses, and singers have been subjected to this kind of programming. In popular culture, clothing with feline prints often denotes Kitten programming.

1. Terrified Submission: Outward compliance, but one's own beliefs and identity are preserved.
2. Willful Compliance: A disturbed or abused child/adolescent/adult is provided with objects, drugs, affection, sex, "freedom", etc., and chooses the abuser over his/her current life situation.
9. Spiritual "Programming": Evil attachments, claims, curses, covenants, etc. Witchcraft ritual abuse seeks to "attach" evil entities (spirits of abusers and demons) to dissociated identities to harass and control victims for their entire lives. Claims, curses, covenants, hexes, vexes, etc. are used to forever malevolently define victims as evil, physically or mentally ill, socially devalued and isolated, sexually enslaved, a murderer, a cult member, a witch, etc.

Monarch Programming

Although not officially declassified, a program a large sum of data and documents have surfaced under the Freedom of Information Act documents released by the CIA in regards to project MK ULTRA. A subproject of MK ULTRA was Project MONARCH. In the intelligence community it is a household phrase. Project MONARCH had a few subprojects, but the most relevant goals of the project are referred to in the unclassified/civilian world as BETA (kitten) programming and DELTA programming. In BETA programming, severe dissociation is accomplished via torture, electroshock, trauma and sensory deprivation. Within the MK ULTRA projects, several doctors could dissociate subjects to the extent they developed completely separate personalities (Dissociative Identity Disorder) and program these personalities to perform tasks ranging from delivering classified information and carrying out assassinations to field intelligence operations and sex-slave behavior. These alter personalities could be 'activated' on command of a doctor or 'handler' of the subject and would remain in the state until deactivated. Many of the sex-slaves created under the MONARCH program have come forwards after having retrieved the information under hypnosis. The methods used to program these subjects always involved the advanced use of hypnosis and linguistics to modify behavior and implant false memories of trauma. Once a subject was programmed, they could be passed to a handler who would have training in linguistics and could activate them on command. As much as this may sound like fiction, it is a very real and well-documented program.

The Fundamentals of Trauma Based Mind Control

The children of multigenerational abuse are good at dissociation.

...

The reason why dissociation is important to mind control is because the human mind is more susceptible to hypnotic command in these trance states. Dissociation is also a survival skill of great value in response to trauma and abuse. Frequent traumas, which split the mind of a child before the age of six, will produce multiple personality states. This is also known as dissociative identity disorder. This is one reason why the programming must be done in early childhood and in some cases, infancy and in utero. It is known that trauma based personality splits remain isolated in the mind better than hypnotic based mind splits.

Once the victim is systematically traumatized through various methods, which may include ritual abuse, programming is anchored in to each individual trauma. These dissociated traumas are linked to hypnotic programming commands and scripts. Then the traumatic memories linked in with the programming are walled off with amnesia from the host personality. The traumatized "split" is also known as the newly created alter personality. Alter personalities are created according to the Programmers needs, while the host personality is unaware of the traumatic memories and alters who hold the memories. The alter personality can be called up to the front of the mind via codes or specific cues that the programmer knows, and be trained to do a variety of functions.

All programming is anchored upon some type of trauma. A variety of scripts may be used, along with specific training for individual alter personalities. This extends into the childhood and adulthood of the slave. The idea behind this is to create the perfect slave who can carry out a variety of functions while maintaining secrecy and obedience to the programmers. Such functions may include assassination, espionage, sexual servicing, couriers, "photographic "mind file data storage, and even psychic abilities. There are other important elements employed in Monarch mind control such as the overlaying of demonic entities through ritual, or the power of ancestral generational spirits, which may make the person very psychic. Many of the Monarch victims are chosen because they have a powerful level of generational spirits within their families, who may have practiced black magic for generations.

Nowadays, sophisticated scientific technology is also used, such as biochip implants, electroshock, drugs and brain wave entrainment systems to lock in hypno programming more effectively. Real physical trauma is sometimes substituted for virtual reality headgear, which simulate horrific traumas to quickly split the mind, priming it for programming. The important thing to remember is that the powerhouse behind this type of mind control system is demonic and technical. The key to freedom lies in deliverance and specific deprogramming therapy and support systems.

Origins and Techniques of Monarch Mind Control

Monarch Programming is a method of mind control used by numerous organizations for covert purposes. It is a continuation of project MK-ULTRA, a mind-control program developed by the CIA, and tested on the military and civilians. The methods are astonishingly sadistic (its entire purpose is to traumatize the victim) and the expected results are horrifying: The creation of a mind-controlled slave who can be triggered at anytime to perform any action required by the

handler. While mass media ignores this issue, over 2 million Americans have gone through the horrors of this program. This article looks at the origins of Monarch programming and some of its methods and symbolism.

...

Monarch programming is a mind-control technique comprising elements of Satanic Ritual Abuse (SRA) and Multiple Personality Disorder (MPD). It utilizes a combination of psychology, neuroscience and occult rituals to create within the slaves an alter persona that can be triggered and programmed by the handlers. Monarch slaves are used by several organizations connected with the world elite in fields such as the military, sex slavery, and the entertainment industry. This article will look at the origins of Monarch programming, its techniques, and its symbolism.

“What I can say is I now believe that ritual-abuse programming is widespread, is systematic, is very organized from highly esoteric information which is published no-where, has not been on any book or talk show, that we have found it all around this country and at least one foreign country.

People say, “What’s the purpose of it?” My best guess is that the purpose of it is that they want an army of Manchurian Candidates, ten of thousands of mental robots who will do prostitution, do movies, smuggle narcotics, engage in international arms smuggling, all sorts of very lucrative things, and do their bidding and eventually the megalomaniacs at the top believe they’ll create a Satanic Order that will rule the world”. [4. D. Corydon Hammond, Ph.D]

Monarch programmers cause intense trauma to subjects through the use of electroshock, torture, abuse and mind games in order to force them to dissociate from reality – a natural response in some people when they are faced with unbearable pain. The subject’s ability to dissociate is a major requirement and it is, apparently, most readily found in children that come from families with multiple generations of abuse. Mental dissociation enables the handlers to create walled-off personas in the subject’s psyche, which can then be programmed and triggered at will.

Dissociation is thus achieved by traumatizing the subject, using systematic abuse and using terrifying occult rituals. Once a split in the core personality occurs, an “internal world” can be

created and alter personas can be programmed using tools such as music, movies (especially Disney productions) and fairy tales. These visual and audio aids enhance the programming process using images, symbols, meanings, and concepts. Created alters can then be accessed using trigger words or symbols programmed into the subject's psyche by the handler. Some of the most common internal images seen by mind control slaves are trees, Cabalistic Tree of life, infinity loops, ancient symbols and letters, spider webs, mirrors, glass shattering, masks, castles, mazes, demons, butterflies, hour glasses, clocks, and robots. These symbols are commonly inserted in popular culture movies and videos for two reasons: to desensitize the majority of the population, using subliminals and neuro-linguistic programming and to deliberately construct specific triggers and keys for base programming of highly-impressionable MONARCH children. [11. Ibid.] Some of the movies used in Monarch programming include The Wizard of Oz, Alice in Wonderland, Pinocchio and Sleeping Beauty.
