Putin on the road to psychotronic war

Daniel Salgar Antolinez

(El Spectador, Colombia, <http://www.elespectador.com/impreso/internacional/articulo-364160-putin-guerra-psicotronica>)

Weapons that attack by waves and leave no traces will decide armed conflicts after the nuclear age.

The development of psychotronic weapons - wave devices controlling thoughts, feelings and behaviour of human beings - has remained hidden for over five decades. There is a disproportionate amount of speculative information about those weapons and many think it is pure science fiction. But recently, Russian President Vladimir Putin endorsed his psychotronic weapons program, suggesting that their development has not been stopped and that Russia is preparing for future wars. It's hard to believe that the other powers do not.

Together with his Defense Minister Anatoly Serdyukov Putin said that "the military capability of a country in space or information countermeasures, especially in cyberspace, will play a great, if not decisive, role in determining the nature of an armed conflict. In the more distant future, weapons systems based on new principles (beam, geophysical, wave, genetic, psychophysical and other technology) will be developed. All this will, in addition to nuclear weapons, provide entirely new instruments for achieving political and strategic goals".

The president also said that these weapons will be comparable in effect to nuclear weapons, but "will be more acceptable in terms of military and political ideology" <http://premier.gov.ru/eng/events/news/18185/>.

Serdyukov added that Moscow will create an advanced military research agency similar to the Pentagon's Defense Advanced Research Projects Agency (DARPA). The announcement was made in the proposals for weapons to be included in the next military investment program of the Russian state. Putin had earlier announced that it would spend U.S. \$ 770,000 million in military development for a decade (AFP).

Dr. Rauni-Leena Luukanen-Kilde dead, probably murdered Update 10.2.

Monday, 09 February 2015 11:22

Yesterday medical Dr. Rauni-Leena Luukanen-Kilde died in her homeland Finland by severe cancer all over her body, her Finnish cousin told White TV today. White TVs Dr. Henning Witte talked to Rauni about ten days ago on telephone in Finland, not knowing it was the last time. She complained about that she suddenly got cancer as a result of beaming technology, mind control scalar waves. Her complications got so severe that she was forced to leave her home in Norway to a hospital in Finland, where her caring cousin is living.

Rauni Kilde complained over the rude manner of the Norwegian ambulance and that they refused her choice of Norwegian hospital, and over the doctor at the wrong hospital, which wanted to give her morphine against her will. She was allergic against morphine, which she told the doctor. She said to her friend Elisabeth Nyström Barringer that she was afraid, that the Norwegian hospital would kill her, and that she was better in the Finnish hospital and out of danger for her life.

During the last week it was not possible to talk to Rauni any longer and the doctors indicated

Dr. Rauni-Leena Luukanen-Kilde was very well known all over the world for her enlightening on the topics reincarnation, ufos and mind control. She taught that we must not fear death because there is no real death, only that the astral body and the soul leave the human body. She knew because she had out of body experiences.

She was a very courageous woman and suffered from many attempts to her life and harassment of all kinds, especially electronic harassment. The dark forces did not like her eye-opening work for humanity.

When Henning Witte met Rauni Kilde personally the last time on the Covert Harassment Conference in Brussels the 20th November 2014 she was very fit and healthy. No sign of illness especially no cancer; take a look to her body language in the video below when she was giving her last speech on chips in mind control.

Rauni and Henning sat together with ti Magnus Olsson on the board of EUCACH, the first association for European targeted individuals (ti), victims of electronic harassment, mind control. The dark forces had severely pushed for an other candidate to join the EUCACH board in order to control it, but Rauni Kilde and Henning Witte stand firm. Here could be a reason to murder her to open the way for puppets of the dark side, as they did with all the other mind control groups, especially the German one.

A second reason to kill Rauni Kilde could be her last book. She had complained about problems with her publisher, which caused a severe delay of the book. We can only hope it will be published in a way that Rauni wanted. She was the only author.

The death of Dr. Rauni-Leena Luukanen-Kilde is a huge loss for humanity, because no one combined so much knowledge and pedagogical skills as she to explain the most secret topics of the world.

Rauni we miss you terribly! Thank you for all your efforts and gifts to all of us! You really made a difference! See you soon!

Genocide of indigenous peoples

According to David Maybury-Lewis, imperial and colonial forms of genocide are enacted in two main ways, either through the deliberate clearing of territories of their original inhabitants in order to make them exploitable for purposes of resource extraction or colonial settlements, or through enlisting indigenous peoples as forced laborers in colonial or imperialist projects of

U.S. Settler-Colonialism and Genocide Policies against Native Americans

By Dr. Roxanne Dunbar-Ortiz

Historian

Settler-colonialism requires violence or the threat of violence to attain its goals, which then forms the foundation of the United States' system. People do not hand over their land, resources, children, and futures without a fight, and that fight is met with violence. In employing the force necessary to accomplish its expansionist goals, a colonizing regime institutionalizes violence.

Settler-colonialism, by definition, enlists “drugged and maddened from opiates beforehand” criminals in order to destroy, initially, the indigenous natural leaderships and then, the entire indigenous populations.

Non-conventional weapons, like the directed-energy (microwave), chemical/biological, “psychiatry”, mass media, gang-stalking, etc. are, currently, being used by the contemporary settler-colonialism in order to destroy every aspect of the existing anti-colonialism activists’ lives or in order to assassinate them.

Within context, the lawful and arbitrarily designated by the settler-colonizers as “targeted-individuals” we are facing so extreme issues of personal security that, in certain occasions, we might avoid social contact even with our own beloved ones, in order to protect them.

Too many, innocent, honest, kind and patriotic people has destroyed/assassinated the contemporary settler-colonialism.

The first three steps of the way towards freedom, for me, they are the followings:

1. establishment of telecommunication channels which they do not produce meta-data, e.g. analog/digital Citizen Band Radio.
2. securing unadulterated supplies of, water, food and beverages.
3. identifying, protecting and supporting, the members of the indigenous leadership.

migrated the State services, the social institutions and the mass media (as in the U.S.-licenced ones), of certain countries.

I wish no human being to ever have to face these monstrous criminals, as my family and myself did, during the past fifty years.

P.S.:

1. I wish to urge my friends to believe, in their own intuition and that, sometimes miracles happen.

2. The title refers to the British orders against the indigenous Tasmanians. The contemporary settler-colonizes, sooner or later, shall have to realize that, they should integrate exclusively with those which share their civilization and to leave all the rest Nations to live in peace.
