Torturing And Settler-Colonialism

The settler-colonialism is criminal, ruthless, and genocidal; and as such, it doesn't want political-resistance, on behalf of political-dissidents.

The political-dissidents which suffer from externally induced brain-damage, they can not manifest political-resistance.

The colonizers, by causing brain-damage to political-dissidents with neuroleptics, mercury, and other chemical weapons, after having criminally institutionalizing them to political mental-institutions, they were risking becoming accountable for perpetrating torture, in case the forged witnesses started to confess their conspiracies. However, they could faultily blame, for the brain-damage, non existent but misdiagnosed alleged “mental illnesses”.

The colonizers, by causing brain-damage to political-dissidents with neuroleptics, mercury, and other chemical weapons, after having criminally imprisoned them to white prison-cells, they were risking becoming accountable for perpetrating torture, in case the forged witnesses started to confess their conspiracies. However, they could faultily blame, for the brain-damage, the hardships of the white prison-cells.

The colonizers, by causing brain-damage to political-dissidents with neuroleptics, mercury, and other chemical weapons, after having criminally imposing on them, social-isolation, poverty, and homelessness, they are risking becoming accountable for perpetrating torture, in case the forged witnesses and all the criminals which they are involved, start to confess their conspiracies. However, they could faultily blame, for the brain-damage, the hardships of the homelessness.

The settler-colonizers remain solid on their criminally destroying anyone who resists becoming one more victim of their genocidal-policies.

Because of the interactions/interdependencies with each others, within a social group, and because of the natural human-trait of empathy, the social groups they do not allow any of their members to become tortured by external forces.

This is the reasons for which, before the settler-colonizers start destroying our (of us, the anti-colonialism activists, human-rights activists, heterosexuals, etc.) brains, they make sure that, we have become socially isolated, and the rest of our groups' members, they have been artificially deprived from their empathy and thus, they have become quasi “Zombies”.

Concluding, all the above mentioned and actual, settler-colonizers' heinous criminality, according to the Russian classical literature, it is inescapably going to be compensated, at a proper time and place, by the most just manner.

P.S.: When anti-colonialism and involuntary brain-implanted (brain-locking, remote-neural-monitoring, gps-equipped, etc.) activists, like myself, fall asleep somewhere in the streets, defenceless, unprotected, and absolutely vulnerable, the colonizers anaesthetize and they gradually, destroy our brains. These are the colonizers which, the majority of the European, citizens, security-authorities, governments, and judges, they practically (mobile/landline digital telephony, Internet, lacking of political-resistance, etc.) and vastly, support them.

Directed Energy Weapons (DEW) come in different flavours. Most used against people is the high power microwave weapon, this weapon can be regarded as a high power microwave oven. Irradiating a person with such a weapon is cooking a person alive! Low intensity effects can be scratching, coughing, farting, etc. High intensity will make you really feel being cooked: the inside of your body feels cooking, skin burning sensations of approx. 30 centimeters diameter where the beam enters and leaves your body, gas coming out of your throat, heavy burping. A people cooker (I introduced the word people cooker in 2006) also is a creature (looks human but nothing human about it) pushing the buttons of these horrible weapons. And yes, not only do they attack innocent people but they cook children as well.

DO YOU WANT OTHERS TO READ YOUR THOUGHTS?

Do you want others to read your thoughts? Do you want others to push a button to make you burp, sneeze, cough, scratch, fart, urinate, control you sexually, give headache, cook you alive, etc., through-wall in your home with invisible laser weapons? Do you want others to force thoughts into your brain?

Again: Do you want this for your children?

All this is possible and done illegally today! But your government does not tell you anything!

Electronic weapons are one of the best kept secrets in the world. All over the world thousands of innocent people are attacked and manipulated, incapacitated, tortured and murdered with these weapons most of them never knowing what happened. Read all about this and tell your family and friends. Peter Mooring

IT CANNOT BE PROVEN SO WE JUST DO I

Not only whistleblowers or people who are government-unfriendly, but also thousands of normal innocent citizens, are being finished off by secret services using electronic weapons and gang stalking worldwide every year. People are being driven out of their mind, driven to despair and they become suicidal, criminal or end up in a staged car crash or a psychiatric ward. The reason why is on the whole totally obscure. Stealing ideas, wanting to have a house in a strategic place, being used as human guinea pigs, being blamed for anything or personal motives, electronic weapons make it increasingly easy to kill people (physically or mentally) without leaving evidence. And in the hands of secret services these weapons are even more dangerous. These services are specialised in eliminating. Nowadays they use electronic weapons while in the past they used a knife, a bullet, poison or a car crash.

These weapons make killing someone more and more anonymous. It is not necessary to stab someone. Just to push a button in a room elsewhere is enough. The general thought is: it cannot be proven so we just do it. But it should not be like this. Torturing and killing with these weapons is horrendous and are crimes against humanity.

«ΛΕΥΚΑ ΚΕΛΙΑ»

“Τα πειράματα άρχισαν το 1950!

Το NATO διέταξε, οι κυβερνήσεις, η μία μετά την άλλη, εφαρμόζουν.

Όλα άρχισαν σχεδόν 15 χρόνια πριν - το 1984 – όταν η Αντιτρομοκρατική Επιτροπή του NATO κάνει πρόταση στα μέλη - κράτη του, για τη μετατροπή όλων των φυλακών σε ατομικά κελιά απομόνωσης. ...

Ωστόσο, η ιστορία των φυλακών τύπου «κελί» ξεκινά πολύ νωρίτερα και ήταν μια σειρά πειραμάτων σε Ευρώπη και ΗΠΑ που οδήγησαν στην «ανακάλυψη» τους, αλλά και στα αποτελέσματα που κάποιοι προσδοκούσαν. Μετά από τον πόλεμο της Κορέας - λίγο μετά το 1950 - έγιναν στις ΗΠΑ πάρα πολλά πειράματα από την CIA, με την ονομασία «μέθοδοι αλλαγής συμπεριφοράς» και με τη συμμετοχή πολλών γνωστών χειρουργών εγκεφάλου και ψυχολόγων (Dr. Schein, Dr. Bidermann και Cameron). Το πρόγραμμα «αλλαγής συμπεριφοράς» του δόκτωρ Σέιν, που αποτελείται από 24 άρθρα, αποκαλύφθηκε μετά απ' αυτά τα πειράματα. Κάθε άρθρο αυτού του προγράμματος περιέχει ψυχολογικές και διοικητικές εφαρμογές που εξασφαλίζουν την... εξαφάνιση της ταυτότητας του κρατουμένου!

Τα ίδια πειράματα πραγματοποιήθηκαν αργότερα - το 1971 - στη Γερμανία, συγκεκριμένα στο πανεπιστήμιο του Αμβούργου, σε ένα ειδικό εργαστήριο που ονομαζόταν Camere Silens. Το γερμανικό κράτος ξόδεψε γι' αυτά τα πειράματα τότε περίπου 40 εκατομμύρια μάρκα. Και οι ειδικές φυλακές χτίστηκαν με βάση τα αποτελέσματα αυτών των πειραμάτων. Μάλιστα σε διάφορες χώρες της Ευρώπης (Γαλλία, Ιταλία, Γερμανία και Μ. Βρετανία) με βάση αυτά τα πειράματα έχουν αναπτυχθεί και ειδικές μέθοδοι (π.χ. στη Γερμανία, στην περιοχή Stammheim έχουν γίνει οι φυλακές - φέρετρα και στη Βρετανία τα Η – Μπλοκ).

Ποιος είναι ο σκοπός τους;

Το σύστημα απομονωμένων ατομικών κελιών - όπως αποκαλύπτουν όλες οι οργανώσεις ανθρωπίνων δικαιωμάτων, που όλα αυτά τα χρόνια ασχολήθηκαν με το συγκεκριμένο ζήτημα - καταστρέφει και αφανίζει τη συνείδηση και την προσωπικότητα των κρατουμένων, χωρίς να απαιτεί μεθόδους βασανισμού. Καταστρέφει όλο το νευρολογικό σύστημα των κρατουμένων και έτσι χάνουν την αίσθηση του χρόνου και του χώρου. Παρατηρούνται κινήσεις εκτός ελέγχου και εξαφανίζονται τα αντανάκλαστικά. Επίσης παρατηρείται υπερβολική εφίδρωση, στομαχικός πόνος, χάσιμο βάρους, σπονδυλικοί πόνοι, διαταραχές στο κυκλοφορικό και ανοσοποιητικό σύστημα, διαταραχές στην όραση και στην περίοδο των γυναικών.

Διαπιστώθηκαν, επίσης, κάποιες διαταραχές στους κρατούμενους που έμειναν πολύ χρονικό διάστημα στα κελιά απομόνωσης, όπως διαρκής κατάσταση υπνηλίας που προκαλεί κατάθλιψη και αδράνεια, υπερβολικός φόβος και συναισθηματικότητα. Εμφανίζονται προβλήματα αυτοσυγκέντρωσης, ψυχολογικές διαταραχές, δυσκολίες σε λογικές σκέψεις, δυσκολίες και αποκοπές στην ομιλία και στο σχηματισμό των προτάσεων, με αποτέλεσμα να ξεχνιέται το περιεχόμενο του θέματος. Εμφανίζονται ακόμη διαταραχές στις αισθήσεις και στις αντιλήψεις που προκαλούν υπερβολικές διεγέρσεις και παραισθήσεις. Ιδιαίτερα στην αρχή της απομόνωσης των κρατουμένων παρατηρούνται σοβαρές ψυχοσωματικές κρίσεις. Οι τυπικοί χαρακτήρες των κρίσεων είναι παράνοια, παραισθηση και παραλήρημα.

«Σκοπός τους είναι να ασκήσουν πίεση στους αντιφρονούντες, να καταρρακώσουν την προσωπικότητά τους, ώστε να υποκύψουν και να μην υψώνουν "φωνή", καθώς επίσης να τους διαιρέσουν για να εξαφανίσουν την όποια αντίσταση μέσα στις φυλακές. Γι' αυτό το λόγο αυτή η απομόνωση ως μέθοδος βασανισμού είναι γνωστή με το όνομα "λευκή τρομοκρατία". Βάζοντας τους κρατούμενους σε κελιά, τους απομονώνουν από τον κοινωνικό τους περίγυρο (εντός των φυλακών), εμποδίζουν την επαφή τους με το παρελθόν και το μέλλον τους, μετατρέποντάς τους έτσι σε άβουλα αντικείμενα που χρησιμοποιούνται σε πειράματα πλύσης εγκεφάλου», τονίζει χαρακτηριστικά η Επιτροπή Αλληλεγγύης για τους πολιτικούς κρατούμενους στην Τουρκία και το Κουρδιστάν

Να σημειωθεί ακόμα πως σε διάφορες αναφορές της η Διεθνής Αμνηστία - απ' το 1980 έως και το 1983 - εξετάζοντας τις συνθήκες κράτησης στις φυλακές της Γερμανίας, διαπίστωσε ότι τα συγκεκριμένα κελιά δημιουργούν στους κρατουμένους σοβαρά σωματικά και ψυχολογικά προβλήματα. Ο ψυχίατρος Rolf Binkswanger από τη Ζυρίχη εξέφρασε στην Επιτροπή Ανθρωπίνων Δικαιωμάτων των Ηνωμένων Εθνών ότι «η κράτηση κρατουμένων σε απομονωμένα κελιά είναι ένας τρόπος βασανισμού, σύμφωνα με τα παγκόσμια κριτήρια». Οσο για τη Δημοκρατική Ενωση Γιατρών επισήμανε ότι ούτε η κράτηση των κρατουμένων σε ομάδες 10-15 ατόμων στις φυλακές προστατεύει την εμφάνιση ψυχολογικών και σωματικών διαταραχών”.
