Legal Notice 170 (corr.)

I earn my living by collecting deserted and unattended empty, plastic and aluminium, bottles with refundable pfand, and returning them to the supermarkets for refunding.

Today, December 2nd, 2020 after 14:45, I was at the waiting room of the Konstanz's central railway station, at Germany.

There, an incident taken place which involved two unknown to me men.

That incident, gave me the impression, at that time, that it shouldn't exclude the possibility that it might had been an attempt to frame me.

There is a category of beverages which they are being sold in all the supermarkets and which I do not consume; and I have not consumed since, at least four years.

The above mentioned, probably "street-theatre" (is a part of the death-program "gang-stalking"), incident seemed to be a criminal attempt for fabricating false-evidence for linking me with these beverages.

In case that, my related impression reflects a true scam-attempt, I believe that, this illegal attempt may be related with my recent promotion of the suppressed complete and non-invasive Dr Royal Rife's cancer-cure; and also, with my being a whistle-blower and an anti-colonialism activist.

Consequently, I ask each and every E.U.'s government:

How can you sleep when the rest of us, cry?

Do you believe that, your salaries are well justified?

Trying to slander and eventually destroy, an innocent, legitimate, sane, sober, lawful and patriotic anti-colonialism activist can never substitute your moral and legal duties towards the members of the corresponding Nation.

Shame on you.
