I kicked her rear end until my leg cramped. Through it all she just moaned and sobbed. I was soaked in sweat. Panting, I lay on the bear-skin beside her. I thrust my mouth against her ear. In an icy whisper I said, “Bitch, do I have to kill you to make you my whore? Get up and give me that scratch.”

Settler-colonialism’s core practise is pimping.

Pimps are, artificially, lacking empathy, and as such, for themselves and for their social-surrounding, primarily, they have no value, meaning they are worthless.

However and in a narrow sense, “value” is given to the pimps by theirs owning prostitutes and/or quasi “prostitutes”, of all kinds.

***pimping practically means, slow-killing the targeted victim in order, either, the victim to suffer helplessness enough to surrender hers or his ownership to the pimp, or, to die.***

The colonizers they would had become worthless and unable to survive if they hadn't any colonies.

The colonizers they would had lost all their colonies if they could not retain their “drugged and maddened from opiates beforehand” colonizing-army.

The colonizers they would had lost their colonizing-army if they would had fail to effectively “protect” all of its soldiers, in all cases.

The colonizers they would had fail to offer “protection” to their quasi “Orks” in case they would had let become vindicated even just one of their hundreds millions victims.

Concluding, the one (or the social groups) who is unwise enough to associate with the colonizers, unavoidably, shall suffer, an weak health; unimaginable misery; and an early death; and almost never shall be able to reclaim his or hers material, spiritual, or moral valuables that they were looted by the colonizers.

**P.S.:** By selling-out legitimate-patriots to the colonizers it is impossible, for anyone, to escape the fate of all those who remain associated with the settler-colonizers.
