## **Covering-Up Monstrous Violations of the Human-Rights**

One of the settler-colonialism's weaknesses is the fact that, the colonizing settlers/hybrid-soldiers are, simultaneously, a minority (relative to the indigenous population) and due to an unavoidable proximity, eligible for instant annihilation by the indigenous victims of settler-colonialism having become united.

1. The U2RIT has to violate, through performing illegal and enforced/involuntary, catastrophic and inhumane (Josef Mengele) surgical operations, the human rights of the minority of the involuntary brain-implanted indigenous victims, in order to confiscate/reclaim the incriminating brain-implants and severely debilitate, bodily and mentally, these victims, in order to escape the retaliation from the indigenous-population. Oops! What if the indigenous population finds out about these human-rights violations and consequently, they annihilate the non-uniformed hybrid-army?

2. The U2RIT has to violate the human rights of the minority of the indigenous and patriotic, anti-colonialism activist and involuntary brain-implant them with brain-locking and remote-neural-monitoring technology, in order to enslave them and potentially, cause to them even deadly illnesses or even assassinate them, in order to avoid resistance against settler-colonialism on behalf of the indigenous-population. Oops! What if the indigenous population finds out about these human-rights violations and consequently, they annihilate the non-uniformed hybrid-army?

3. The U2RIT has to violate the human rights of the minority of the indigenous and patriotic, anti-colonialism activist and apply political "psychiatry" (i.e. "psychiatric" repression), in order to enslave them and potentially, cause to them even severe mental-disabilities and/or deadly illnesses or even assassinate them, in order to avoid resistance against settler-colonialism on behalf of the indigenous-population. Oops! What if the indigenous population finds out about these human-rights violations and consequently, they annihilate the non-uniformed hybrid-army?

No worries!

By simultaneously violating the human-rights of the total indigenous population, e.g. by enforcing a mandatory medical-operation of Covid-19 diagnostic self-test, which is being

produced by the pharmaceutical industry which suppressed the Dr Royal Rife's complete and non-invasive cure of cancer, the members of the indigenous population, while being confused by their consuming poisonous fluoride, etc. they shall ignore any minorities' and/or indigenous individuals' denunciations about their human-rights having been violated and they shall concentrate their minds on how they shall rescue their own necks.

By the society's negligence to promptly support/rescue/safeguard/promote the members of its own natural leadership, it is ensured that, this society's members shall unavoidably suffer tremendous misery and early deaths.

Christos Boumpoulis

economist

**P.S.:** The heroic John Bedini tried to propagate the Dr Royal Rife's complete and non-invasive cancer cure in order to serve our human kind. Certainly, the colonizers assassinated (plausibly-deniable methods) both him and his brother Gary, in order to escape their liability for their suppression of Dr Royal Rife's cancer-cure. As I am struggling to, humbly, accomplish the same noble cause, the colonisers shall probably expedite my early death due to the 2006 slow-assassination attempt against me which, it was perpetrated by a Greek human-trafficking mafia's named thug. In case that, on year 2021, the contemporary and legitimate anti-colonialism activist having to helplessly suffer worst persecution than, the Josef Mengele – "Angel of death" had to, then, the most part of our human kind, probably, it doesn't worths surviving.
